Hi Mark,

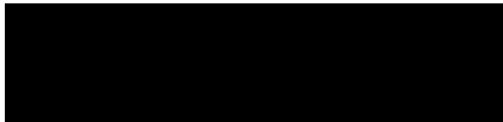

Do you have the FFC tracking number for the request or the approximate date of when it was transferred?

Respectfully,

Thanks, Ariel.

Sorry for the confusion, but I am actually interested in the audit log for **EPA-HQ-2016-009708**. As I understand, that request was entered into FOIAonline by EPA and then transferred to FCC. When I search for the 009708 request in FOIAonline, no search results appear.

Hi Tim,

Once the request is transferred, it is removed from your agency entirely, but the audit log trail will indicate this. For the below tracking number, I see that it is still at EPA currently. Are you intending to transfer it? We can provide you with an audit log and you can use the Print Case File action to retain a copy of the request itself.

Is there anything that stays in our system once for a case that gets transferred to another agency?

EPA's OGC is particularly interested in EPA-HQ-2017-005390
